

Category: 2d Extreme range

Name: Hackberry

Location: Saskatoon

Species: Northern Hackberry

History/Description:

This is shown in "Trees of Canada" as occurring naturally sparsely in Ontario and Quebec, and reported at the south end of Lake Manitoba. It is also rated as hardy in Zone 2.

Dutch Growers sells Hackberry, and they have had one for several years in their demonstration areas to the west of their sales outlet in Saskatoon. The eventual locations of those sold are unknown.
