

Category: 1c Notable tree

Name: Percival Tree

Location: Percival

Species: Spruce - white

History/Description:

In 1926 John Michelson brought back 2 white spruce trees from the Creighton area, and planted them at the end of his driveway at Percival. He protected those trees twice from Trans-Canada Highway development - in 1929 and again in 1952.

One tree died, but the other remains as a majestic landmark.

Height: about 70'
